ITEM 1- INTRODUCTION

Cohesion Wealth Management LLC (“Cohesion” or “Firm”) is registered with the Securities and Exchange Commission (SEC) as an Investment Adviser. Brokerage and investment advisory fee and services fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

ITEM 2 – RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Our Firm offers investment management services to retail investors on a discretionary and non-discretionary basis. Our Firm monitors your investment advisory accounts, and specific investments within your accounts, on an ongoing basis to align with your investment goals. This service is included as part of the Firm’s standard advisory services. Our Firm requires a minimum portfolio value of \$100,000 in order to provide advisory services to you. This minimum portfolio value requirement is negotiable. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. In a non-discretionary account, you have not granted written trading authority to your Financial Professional, and he or she will consult with you before executing trades in your account, as the retail client, you make the ultimate decision regarding the purchase or sale of your investments. If deemed appropriate for you, our Firm will recommend utilizing an independent Third Party Money Manager (“TPMM”) to aid in the implementation of investment strategies for the client’s portfolio. Our Firm offers financial planning and consulting services for our clients. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 – FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our Firm receives a fee as compensation for providing investment advisory services on your account. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based on a percentage of the total account value. The maximum annual investment advisory fee for Cohesion is 1.75%. For clients utilizing a TPMM, the combined maximum annual fee is 2.50% which includes Cohesion’s fee and the TPMM’s fee. Fees are billed in advance on a quarterly basis based on ending market value. You pay this fee even if you don’t buy or sell investments. The more assets in your advisory account, the more you will pay in fees, and therefore, the Firm has an incentive to encourage you to increase the asset value in your account. The custodian will charge transaction costs, custodial fees, redemption fees, retirement plan and administrative fees, or commissions. For Investment Management clients, fees for financial planning services are included in the Investment Management fees. For stand-alone financial planning arrangements, fees will not exceed \$20,000 or \$400/hour when a comprehensive financial plan is delivered. You pay an on-going fee based upon a percentage of your assets under management. Fees are paid directly to Cohesion or the TPMM as outlined in the Advisory Agreement. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?**HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Please note that you always have a right to choose services and products from our affiliated entities or any other firm that provides similar services and products. Our Firm allows our Financial Professionals to trade in their personal accounts and may invest in the same securities as clients. However, all our Financial Professionals personal securities accounts are supervised on an ongoing basis. Lastly, some of the products, services and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and therefore may not directly benefit your advisory account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional.
